AMM trade show gathering info on ash fault products, contacts, distribution products, Lagoon products and services available.

Break out sessions, making last 12 months count. Session about what can happen as far as projects and what can't happen coming up to election.

What potential candidates could know going into elections, expectations, etc.

Governance hygiene. What councils should be doing. Have all information to council before meetings, councillors should have read the packages, meaning less discussion during council meetings.

CAO to have resolutions package broken down with three recommendations and with resolution ready.

Delegations should only happen if CAO feels it necessary to bring to council.

Special meeting for delegates, this does not force council to make hasty decisions in a short timeline.
